Pascal Berrang

contact@paberr.net Birmingham, UK and Munich, Germany paberr pascal-berrang

Education

Saarland University, Computer Science — Saarbrücken, Germany
- Thesis: Quantifying and Mitigating Privacy Risks in Biomedical Data

2014 – 2018

Saarland University, Graduate School, Computer Science — Saarbrücken, Germany
2013 – 2014

Saarland University, Computer Science — Saarbrücken, Germany
2010 – 2013

Experience

Singapore AI Safety Hub (SASH), Tech Lead – AI Verification — Munich, Germany
Leading SASH's technical work on AI verification.
Oct 2026 – present
1 month

University of Birmingham, Associate Professor in Computer Security — Birmingham, UK
Creator of an ARIA-funded research program on privacy-preserving AI safety verification, applying cryptographic techniques such as zero-knowledge proofs to enable verifiable guarantees in AI systems.
Oct 2024 – present
2 years 1 month

University of Birmingham, Assistant Professor in Computer Security — Birmingham, UK
Oct 2020 – Sept 2024
4 years

Zeroth Research, Associate Member — Birmingham, UK
Oct 2026 – present
1 month

Zeroth Research, Co-Founder & CTO — Birmingham, UK
Non-profit making intelligent systems safe, with mathematical certainty.
July 2025 – Oct 2026
1 year 4 months

Independent Security Consulting, Founder & Consultant — Munich, Germany
Independent consulting and research in security, privacy, and blockchain systems.
Apr 2017 – present
9 years 7 months
- timefonds AG (2021–2026): Threat modelling, architecture review, and support for ISO 27001 certification.
- OpenRedact (2019–2020): Open-source anonymization tool funded by the Prototype Fund; designed and implemented core privacy mechanisms.

Nimiq, Researcher — Munich, Germany
Recursive zk-SNARKs and consensus protocols — the origin of my zero-knowledge work.
Apr 2017 – Aug 2026
9 years 5 months
- Board member of the Nimiq Foundation (2019–2026).

CISPA Helmholtz Center for Information Security, Researcher in IT Security & Privacy (PhD) — Saarbrücken, Germany
June 2014 – Mar 2018
3 years 10 months

Awards

Dr. Eduard Martin-Award 2019
Best PhD thesis in the category of mathematics and computer science.
Saarland University

Distinguished Paper Award 2019
For the paper MBeacon: Privacy-Preserving Beacons for DNA Methylation Data.
Network and Distributed Security Symposium (NDSS'19)

Nomination: Deutscher Studienpreis 2019
One of 10 nominees for the excellent thesis award.
Körber Stiftung

Nomination: GI-Dissertationspreis 2019
One of 28 nominees for the excellent thesis award.
German Informatics Society

Graduate Scholarship 2013
Saarland University

Deutschlandstipendium 2012
Germany Scholarship

Saarland Scholarship 2011
Studienstiftung Saar
